NEWS FROM ROADRUNNERS MEMBERS

IN THIS ISSUE TRAVELS OF DA GIRLS RV

President's Corner

by Dale Prichard

Alfa Roadrunners

Dear members, I thought I would start a Hot Flash Bulletin. In this way we (the members) could communicate about our journeys, things we have done and the people we have visited during our travels.

To kick off the first edition, I thought I would write about our journey to Custer State Park in South Dakota.

We started our journey shortly after we left the Casa Grande Rally. Our first stop was in Yuma visiting Sven and Sharon Novion. We spent 4 days enjoying their company and seeing the sights, including a morning breakfast with other Alfa owners.

However, all too soon, our allotted time was gone and we were on our way northeast. We headed north on I-95 with our goal being I-40, then I-25 north.

As we enter into Colorado, we stopped and visited with the new Vice President and Secretary of your Alfa Roadrunner Chapter, Jim and Becky Godfrey. What a wonderful couple and great new officers. Becky also accepted the position of newsletter editor. Even with a broken wrist, she worked endlessly to complete and with a little help release the Spring 2014 Newsletter. We all hope you enjoyed reading it.

Jim & Becky will be the wagon masters for the Fall Rally taking place in Manitou Springs, CO. Jim is a wealth of information about the area, so get your reservation in early for a spot.

Along with stopping in Colorado Springs, we stopped in Longmont, CO. There we met up with Darrel & Judy Turner. They offered us a place to overnight on their property. Darrel & Judy were

gracious hosts explained about the area and the many sights to visit. We dearly appreciate their warm hospitality.

Custer State Park, SD

Susan and I are currently located in Custer State Park. We are volunteering as Cabin Camper Hosts for the summer. If you are in the area please drop us a line.

In the coming months we will be seeking new ideas and work to improve communications amongst you, our members. In one effort to enhance communications, I would encourage you to utilize the

Travels
